About Mirage Networks

Mirage Networks, Inc. is the leading provider of Network Access Control (NAC) solutions. Mirage's patented technology gives organizations control of all network devices, increases network uptime, ensures policy compliance, and reduces operational costs. Mirage's NAC appliances work in all network environments, deploy virtually inline, and require neither signatures nor agents to enforce policy and terminate zero-day threats. Mirage Networks is a consistent winner of industry awards and recognition. Learn more about Mirage Networks at www.miragenetworks.com, and visit the Mirage CTO blog at www.mirageblog.com.

Mirage solutions are made available through Authorized ChannelFirst Partners and can also be delivered as a managed service.
